Continuation of 10. Other: The amendments do not place the case in condition for allowance. Specifically, the limitations have been rejected in previous actions in much the same terms as the present amendment adds. The term "resale plan information" is not objected to by the examiner. The examiner's position is that the subject matter has been taught by the prior art to NADA and other used car pricing guides that, as is discussed in previous actions, use the same criteria merely changing the terms used for the procedures with others being inherent, such as proximity of location and type of car. .
